Message from the President

Hi! My name is Chris and I have been fortunate to be appointed by the Board as interim president for the 2016 year! We did not have a president last year and I felt it was time to step up to the plate!

This year is a transition year with many experienced Directors stepping down leaving many vacancies on the Board. We are grateful for their contributions over the many years and they will be missed! That said, we have added many new faces to the Board that bring a new and exciting focus to the Saskatoon Horticultural Society mission! I am excited for the upcoming year as we restructure and apply new changes! On that note, due to limited resources we may not be able to hold all the events we have had in the past. We will work to provide quality events that we have had in the past. Please stay tuned during this transitioning phase!

I am sure many of you cannot wait until Spring to get gardening! Be sure to visit our booth at Gardenscape this year and introduce yourself to the Society. The Committee is working on an exciting theme for this year's show! This is an ideal time to renew or sign-up as a member with the Saskatoon Horticultural Society. By doing so, you will receive benefits from participating sponsors to be named in March and other benefits.

If you are pursuing education in horticulture, please take advantage of our many scholarships! For more information, you can visit our website and download the application form.

The Saskatoon Horticultural Society now has a new and awesome looking newsletter. Be sure to sign-up via the email below for current events, gardening tips, recipes and much more!

To stay tuned on current events, you may follow our Facebook page. It is a great resource for ideas on gardening and workshops held throughout the city!

If you want to get involved with our Society, send us an e-mail! There are many different events held throughout the year that you can volunteer at. We are looking for new directors who are passionate about horticulture within the Saskatoon region and those who want to make a difference! You can come out to one of our monthly meetings and see what we are all about!
